

BOLTON PUBLIC SCHOOLS

December 30, 2021

Dear Parents and Staff,

As you may have seen on the news due to shipping and warehouse delays outside of the State of Connecticut's control, our state's anticipated shipment of COVID-19 at-home rapid tests is currently delayed from arriving in Connecticut. Today's distribution for Bolton residents canceled. Please see the attached bulletin from the Town of Bolton ~ [COVID-test-kit-bulletin 12.30.2021 AM.pdf](#). For those staff members who live in other communities please reach out to your local health department for an update.

Stay safe and be well,

Kristin

Kristin B. Heckt
