BOLTON PUBLIC SCHOOLS

September 9, 2021

Good Afternoon,

Attached please find a press release from the Office of Governor Lamont and the Department of Public Health regarding COVID-19 outbreaks in Connecticut ~ <u>DPH COVID-19 Outbreaks Press</u> <u>Release 9-9-21.pdf</u>.

In addition, I am sharing the information below from the Eastern Highlands Health District in the event that you, your child, a family member, or someone you know needs to obtain a COVID-19 test. Attached please find a complete list of:

- <u>211 COVID-19 Testing Sites in CT</u> the column labeled "Eligibility" or "Appointment Process" often provides information as to whether or not the test is free.
- <u>Quest COVID-19 Testing</u> sites which offer no cost tests.
- Many <u>Sema4</u> sites are also free, but not all are so please review the link to determine which sites are available at no cost.

I hope this information is helpful.

Stay safe and be well,

Kristin B. Heckt

Kristin B. Heckt Superintendent of Schools
